Continuation of Substance of Interview including description of the general nature of what was discussed:
Authorization was given to amend claims 49, 71 and 79, as per the Examiner's Amendment, in order to more clearly recite the invention. Authorization was given to change the dependence of claim 81 to depend from claim 76 (instead of claim 80), since claim 82 (dependent from claim 81) requires that the first overlay is attached to the upper belt, which is contrary to claim 80..
